NOTE 1 - Based on 150 litres of greywater for each person per day. If the water consumption is less the operating time is less.

NOTE 2 - For smaller boats if weight and size is a problem, smaller capacity holding tanks can be used. Please consult one of our staff.

NOTE 3 - Before you select your model size you need to consider - Price, hours of operation, power supply, holding tank size, weight and dimensions.

GENERAL NOTE - Our sales staff would be happy to assist you with your choice of model and prepare a detailed quotation.
